Last information update: February 2023

Accessory code

BZZ0: Casing for monochrome static version - L=1609

Technical description

Aluminium outer casing L=1602mm complete with technopolymer side and upper caps and black rubber membrane cable glands. The side caps are supplied with openable circular walls to facilitate the insertion of corrugated tubes (passage of power cables). To be used on recessed Linealuce Mini modules L=1609mm with static monochrome leds

Installation

For ground- or wall-recessed installation with cast cement/concrete or other suitable material. For ground installation a drainage channel must be created (positioned below the special holes) or gravel inserted for drainage under the outer casing before installation, to guarantee the degree of protection stated.

Colour

Indeterminate (00)

Complies with EN60598-1 and pertinent regulations
