

Pass-through wiring and a mechanical accessory for direct connecting iN60 MMO / SPACE modules to iN60 GL / MPO UGR < 19 modules

Last information update: November 2024

Accessory code

PB35: Pass-through wiring and a mechanical accessory for direct connecting iN60 MMO / SPACE modules to iN60 GL / MPO UGR < 19 modules

Technical description

Accessory needed to create continuous lines between the different iN60 family versions: allows MMO and SPACE modules to be connected to General Lighting (opal screen) and UGR < 19 (microprismatic screen) modules. This consists of mechanical connection plates and pass-through wiring L=2400 mm (5 cables) complete with cable clamp clips.

Colour
Indeterminate (00)

Weight (Kg)
0.18

Notes

MMO and SPACE modules cannot be connected to Wall Washer modules.

Complies with EN60598-1 and pertinent regulations
