**Accessory code**

PD38: 60W 24Vdc CV IP66 power supply unit - For Underscore InOut Pixel

Technical description

Box complete with constant voltage 24V 60W power supply unit.

Connection cable L=4 m with male connector for direct connection to the Underscore InOut Pixel system X578 junction accessory.

Maximum length of Underscore InOut Pixel light line that can be powered L=7 m.

Made of extruded aluminium with die-cast caps. Two stainless steel brackets that can be surface-mounted using the screw slots.

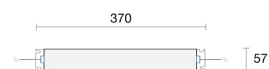

Includes output cables and nickel-plated brass cable clamps.

Installation

Surface-mounted using the 4 screw slots in the brackets.

Colour
Black (04)**Weight (Kg)**
0.75**Dimension (mm) (*)**
374x57.2x65.5

* The dimensions may change according to production requirements to ensure that performance levels and installation methods are observed.

**Wiring****SIDE 1:**

1 x output cable L=4000 mm with male connector for X578 (Power supply unit)

SIDE 2:

1 x output cable L=1500 mm for 220-240 Vac power supply (L-N-PE)

Complies with EN60598-1 and pertinent regulations

IP66

Technical data

Frequency [Hz]: 50/60

Overvoltage protection: 2kV Common mode & 1kV
Differential mode
