### Product configuration: QH88+R412.01

QH88: Plate - General Down Light - DALI - Warm LED - L 3588

R412.01: Frame continuous line module - General Down Light - L 3594 - TP(a) - White

#### Product code

QH88: Plate - General Down Light - DALI - Warm LED - L 3588

#### Technical description

LED module set up for housing in initial or intermediate system profiles, ideal for particularly long light lines. Emission for General Light profiles (with opal diffuser screen). DALI dimmable electronic control gear integrated in the luminaire. Extruded aluminium heat sink; high emission yield flux enhancer. Warm 3000K LED

#### Installation

Module insertion on profiles facilitated by a quick coupling system.

#### Colour

Indeterminate (00)

#### Weight (Kg)

4.1

#### Wiring

Quick coupling terminal block connection to simplify connections between the subsequent modules. Complete with integrated dimmable DALI control gear.

#### Notes

Important: the triple length intermediate luminous module can be used for both initial profiles - L 3594 - for stand-alone applications, and intermediate profiles - L 3594 - for continuous line applications.

Complies with EN60598-1 and pertinent regulations

#### Product code

R412.01: Frame continuous line module - General Down Light - L 3594 - TP(a) - White

#### Technical description

Frame version extruded aluminium intermediate profile with contact frame; this allows continuous lines to be created with other intermediate profiles and an initial profile (required). Methacrylate opal screen (diffused general light) in compliance with the TP(a) standard; screen set up for connecting several lengths by overlapping.

#### Installation

Recessed using the brackets on the profile; the mechanical systems for connecting the modules are included in the package.

#### Colour

White (01)\*

#### Weight (Kg)

1.9

\* Colours on request

#### Mounting

ceiling recessed

#### Wiring

Set up to house the LED modules required by the system.

#### Notes

Take care with the system configuration. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations
