Accessory code
X102: Adapter required for installation on pole - To be ordered together with optic assembly - for ø 60 terminal
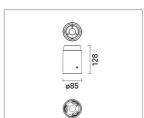

Technical description
A die-cast aluminium installation system is used for poles with ø 60mm end part subjected to a multi-step, pre-treatment process, in which the main phases are degreasing, fluorozirconation (a protective surface film) and sealing (with a nano-structured silane layer). The painting stage consists of a primer and a liquid acrylic paint, cured at 150 °C, with a high level of weather and UV ray resistance.

Installation
Secured with the optical assembly using 3 stainless steel screws The pole-top mounting is secured using 3 stainless steel bolts

Colour
White (01) | Black (04) | Grey (15) | Rust Brown (F5)

Weight (Kg)
0.59

Mounting
pole-top

Complies with EN60598-1 and pertinent regulations
