**Accessory code**

PD53: Constant voltage non dimmable power supply 150W 48Vdc

Technical descriptionConstant voltage non-dimmable electronic power supply 48 Vdc, power 150 W. Input $V_{in}=220\div240$ V.

The product features include overvoltage protection, short circuit protection, overcurrent and overtemperature protection.

Installation

Positioned on top of or inside electrical boxes. Fitted with slots for fastening with screws, if required.

Colour

Indeterminate (00)

Dimension (mm) (*)

235x100x31

* The dimensions may change according to production requirements to ensure that performance levels and installation methods are observed.

WiringInput and output terminals on opposite sides (cable cross-section up to 2.5 mm²).

Primary and secondary cable clamp for cables with a diameter of min. 4.5 mm - max. 9 mm.

Notes

For the minimum and maximum quantities of luminaires that can be connected to this power supply, consult the reference product instruction sheet.

Complies with EN60598-1 and pertinent regulations

IP20
