

## Binario Mini Limelight

Design iGuzzini

iGuzzini

Last information update: October 2020

### Product code

6066: Module L = 1000 mm **Attention! Code no longer in production**

### Technical description

Single-phase low voltage track, for interiors, made of aluminium alloy. The 8.8 mm<sup>2</sup> cross-section conductors are housed in the profile. The leads are housed in the track and enclosed in a rigid, extruded casing made of an insulating material with a high dielectric strength. The track is approved for 25 Amps in compliance with CENELEC regulations on very low voltage tracks. Supplied with polycarbonate end caps.

### Installation

Can be installed as pendants, wall-mounted or ceiling-mounted.

### Colour

White (01) | Aluminium (12)

### Weight (Kg)

0.47

### Mounting

wall arm|wall surface|ceiling surface|ceiling pendant

### Wiring

Certified for 12 V and for a maximum current of 25 Amps, in compliance with the recent CENELEC norms for low-voltage tracks.

Complies with EN60598-1 and pertinent regulations
