Product code

MXK3: Angular profile for Ledstrip Top - L=1000

Technical description

Rigid aluminium profile for angular installation (45° angle); the shape of the profile allows application of all monochrome Ledstrips with front emission LEDs, available in standard version (with adhesive) or tube version (with outer sheath). Finishes available: anodised grey - white. The profile may be completed with a diffuser screen available with two finishes: opal and translucent.

Installation

Specifically for angular applications; direct fixing with screws (not included); the profile has a longitudinal guide to facilitate drilling. For challenging installations, a kit of accessory clips is available (code MXM5 x 5 pcs); with preliminary fixing of the clips using screws, then profile anchoring on the clips prepared (screws not included). Accessory closing end caps (code MXL4 - kit 10 pcs).
