Last information update: February 2025

Camera not included
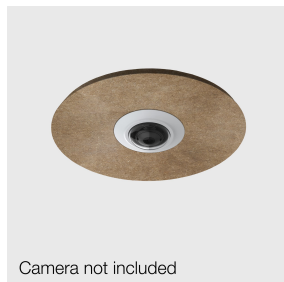

**Accessory code**
PF78: Cover with bracket for external/semi-recessed camera - For Light Shed 60 Linen

**Technical description**
Circular cover complete with bracket for mechanically fastening an AXIS compatible camera
The camera remains in an external/semi-recessed position in relation to the cover.
The plate is equipped with threaded holes that allow an AXIS compatible camera to be fitted directly to it.
Contact iGuzzini or check the instruction sheet to view the compatible camera models.

**Installation**
Installation on a non-luminous Light Shed 60 Linen module specifically for code RS68 Smart accessories. The height of the Light Shed 60 Linen module assembly must take into account the specifications of the camera chosen and the performance required.

**Colour**
Écru (S0)

**Wiring**
For the wiring follow the camera instructions and the instruction sheet for the module with support. A base code PD15 is available for covering the outlet of the video/Ethernet cable from the ceiling.

**Notes**
Camera not included.

Complies with EN60598-1 and pertinent regulations
