Last information update: February 2023

Accessory code

X142: Anodised aluminium low support clip - L=40

Technical description

Anodised aluminium Low support clip L=40mm, for Underscore with side exit for cable with connector. Ideal for curved sections.

Installation

Wall or ceiling installation using the special hole under the clip. Secure using screw anchors for concrete, cement and solid brick.

Colour

Aluminium (12)

Weight (Kg)

0.01

Mounting

wall arm|wall surface|ceiling surface

Notes

For Underscore InOut, 16mm TOP-BEND and SIDE-BEND versions. Compared to a clip this passes the cable with the Underscore connector round the side.

Complies with EN60598-1 and pertinent regulations
