

Last information update: May 2024

**Product code**

PA50: Relay DALI 4x10A

Technical description

Max load current: 4x10 A - Input voltage: 220-240 Vac - Nominal frequency: 50/60 Hz - Max load: resistive 10 A incandescent 8 A inductive 5A - Ambient temperature Ta: 0-40° C - Class I - IP30

Installation

On Din guide - Number of DIN modules: 5

Colour

Indeterminate (00)

Weight (Kg)

0.5

Wiring

Occupies 4 DALI addresses - 2mA DALI load - 4 clean NA (SPST) contacts - power supply terminal board up to 2.5 mm² - DALI terminal board up to 1.5 mm²

Complies with EN60598-1 and pertinent regulations

**Technical data**

Control: DALI
