**Accessory code**

X187: Constant voltage power supply unit non dimmable 320W - VIN =90-305VAC 50/60Hz Vout = 24V IMAX = 13,34A

**Technical description**

Constant voltage electronic power supply 24Vdc 320W. Complete with outlet cables L=220mm and L=650mm. Vin=90÷305Vac, 47÷63Hz, Vout=24Vdc±5%, Iout=12,5A. The product features include overvoltage protection, short circuit protection, overcurrent and overtemperature protection. Usage temperature: -40 °C / +70 °C.

- For outdoor installations, the power supply must be inserted in a protective box;
- the IP rating requires the installer to use a suitable protective box;
- iGuzzini guarantees the IP66 rating with a X653 code accessory box.

**Installation**

The ballasts are complete with holes and slots for securing them with screw anchors or threaded screws.

**Colour**  
Indeterminate (00)

**Weight (Kg)**  
1.2

**Dimension (mm) (\*)**  
252x90x43

\* The dimensions may change according to production requirements to ensure that performance levels and installation methods are observed.

**Wiring**

For the electrical connection the ballast is complete with outlet cables L=220mm and L=650mm.

Complies with EN60598-1 and pertinent regulations
