Last information update: February 2025

Product configuration: EJ88

EJ88: Minimal 5 cells - Flood beam - LED

Product code

EJ88: Minimal 5 cells - Flood beam - LED

Technical description

Linear miniaturised recessed luminaire with 5 optical elements for LED lamps - fixed optic. Despite the ultracompact size of the product, the patented technology of the optic system guarantees an efficient luminous flux and a high level of controlled glare visual comfort. Main body with die-cast aluminium radiant surface, minimal (frameless) version for mounting flush with the ceiling. For recessed installation in a false ceiling a specific adapter is required that is available with a separate item code. Metallised, thermoplastic, high definition Opti Beam reflector, integrated in a set-back position in the anti-glare screen. Supplied with a dimmable DALI power supply unit connected to the luminaire. High efficiency value Neutral White LED (Im/W).

Installation

The luminaire is recessed in the specific adapter (QJ90) by means of a steel wire spring, previously installed on the ceiling that can be 12.5 / 15 / 20 mm thick. A special protective sheath allows finishing operations on the plasterboard to be simplified and speeded up

Weight (Kg)

0.32

* Colours on request

Colour

Mounting wall recessed|ceiling recessed

Wiring

On the power supply unit with terminal board included.

White (01) | Black (04) | Gold (14)* | Burnished chrome (E6)*

Notes

The special steel wire spring provided is required to facilitate the eventual extraction of the recessed body once it has been inserted.
