### Product configuration: QJ84

QJ84: Recessed Minimal section 15 LEDs - integrated DALI - Wall Washer Longitudinal Glare Control

Product code

QJ84: Recessed Minimal section 15 LEDs - integrated DALI - Wall Washer Longitudinal Glare Control

#### Technical description

Miniaturized recessed linear luminaire for LED lamps. Despite the ultracompact size of the product, the patented technology of the optic system guarantees an efficient and homogeneous effect on walls from top to bottom and avoids shadow zones near the ceiling. The black polycarbonate perimeter frame is designed to significantly reduce the effect of longitudinal glare. Main body with die-cast aluminium radiant surface, minimal (frameless) version for mounting flush with the ceiling. For recessed installation in a false ceiling a specific adapter is required that is available with a separate item code. Flux enhancer - superpure aluminium reflector asymmetrical textured PMMA screen. Supplied with a power supply unit connected to the luminaire.

#### Installation

Colour

The luminaire is recessed in the specific adapter (QJ93) by means of a steel wire spring, previously installed on the ceiling that can be 12.5 / 15 / 20 mm thick. A special protective sheath allows finishing operations on the plasterboard to be simplified and speeded up

## Mounting ceiling recessed

Wiring

Notes

Integrated dimmable DALI control gear. Connection to mains network on power supply box; screw connections.

The special steel wire spring provided is required to facilitate the eventual extraction of the recessed body once it has been inserted.
