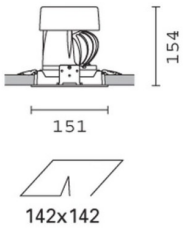
Last information update: May 2024

Product configuration: ML19+LED
ML19: square recessed luminaire - warm white active dissipation - integrated electronic control gear - wide flood



Product code
ML19: square recessed luminaire - warm white active dissipation - integrated electronic control gear - wide flood **Attention! Code no longer in production**

Technical description
Recessed adjustable removable luminaire for LED lamp with active heat dissipation system. Square sheet steel perimeter frame. Main structure and lamp body made of die-cast aluminium. Steel rotation hinges. Chrome-plated aluminium lamp body closing ring. Forced heat dissipation using fan with magnetic anti-friction operation guaranteeing lasting efficiency and quietness, keeping LED lamp performance unchanged. The fan has an anti-dust protection system; safety thermal breaker and is set up for fast, easy replacement. Reflector with high efficiency super-pure aluminium optic - wide flood beam angle. Body adjusted using manually operated device: internal 29° - external 75° - rotation about axis 355°. Supplied with electronic control gear connected to the luminaire. Warm white high efficiency LED.

Installation
recessed using steel springs for false ceilings with thicknesses starting at 1 mm; preparation slot 142 x 142 mm

Colour
White / Aluminium (39) | Grey / Black / Aluminium (E1)

Mounting
ceiling recessed

Wiring
on control gear box with quick-coupling connections

Complies with EN60598-1 and pertinent regulations

IP20 pending pending

Technical data
