Product configuration: RR28

RR28: Dimmable electronic Ø102mm DALI body - Wide Flood optic - Neutral White

Technical description

Adjustable spotlight with adapter for installation on an electrified track or base. High chromatic yield LED lamp with Neutral White (4000K) tone and OptiBeam Lens optic system and Wide Flood optic. Dimmable electronic DALI power supply integrated in product. Luminaire made of die-cast aluminium and thermoplastic material that allows a 360° rotation about the vertical axis and 90° tilting relative to the horizontal plane with mechanical aiming locks. Passive heat dissipation. Spotlight with "Push&Go" system designed to hold up to two flat accessories at the same time. The same system can also be used to apply another external component selected from the directional flaps and anti-glare screen. All internal accessories rotate 360° about the spotlight longitudinal axis.

Installation Installation on an electrified track or base.

Colour Weight (Kg) White (01) | Black (04) 1.33 Mounting wall surface|ceiling surface Wiring Electronic components integrated in product Complies with EN60598-1 and pertinent regulations ĽÅ 8 (\mathbf{m}) CE Ko3 for optical assembly **IP20 IP40** ndina
